DARK PSYCHOLOGY INSTITUTE

**WELCOME TO
SAINT
STANISLAUS**

THE PREMIER Catholic, all-boys boarding and day school serving young men in grades 7 through 12.

We invite you to start your educational journey here. See what a difference a Saint Stanislaus education can make for your son.

WE ARE ROCK-A-CHAWS!

BAY ST. LOUIS

Bay St. Louis, MS selected #5 in USA Today's Annual America's Best Small Coastal Town in 2020 and is located on the shores of the Gulf of Mexico. Bay St. Louis is less than one hour from New Orleans.

Father Stanislaus Buteux invited the Brothers of the Sacred Heart in Mobile, AL to come to Bay St. Louis in 1854. Bay St. Louis became the home of Saint Stanislaus.

SAINT STANISLAUS

Founded in 1854 by the Brothers of the Sacred Heart, Saint Stanislaus is the oldest institution of learning on the Mississippi Gulf Coast. Chartered in 1870 as Saint Stanislaus College, the school became college preparatory in 1923.

Our Academics

Our mission is to help develop critical minds and appreciate a life-long dedication to learning that will help guide them on their career path and enhance decision making skills.

Marine Science Program

Our Marine Science Program provides students with the opportunity to learn in a classroom environment, and gain hands-on experience through fieldwork.

Athletics

Athletics contributes greatly to the development of men of character. We encourage all of our students to take part on the field, and we offer a number of opportunities. Sports help develop discipline and build mind, body, and spirit.

SAINT STANISLAUS AT A GLANCE

TOXBOX® TECHNOLOGY: FIRST-TO-MARKET PREANALYTIC TESTING TECHNOLOGY

Salary and Fringe represent 60 to 80% of the total laboratory operational cost

Successful Laboratories invest in technology to gain staffing efficiency.

DEMANDS ON PERSONNEL

www.pinpointtesting.com

TOXBOX® PREANALYTICAL TECHNOLOGY

ToxBox®
"Making analytical toxicology easy!"

Cost Control

- ✓ Certified Standards
- ✓ Streamlined Purchasing
- ✓ Simplified CoAs
- ✓ NIST Traceability

Complete Customization

- ✓ Complex Drug Panels
- ✓ Accurate and Precise
- ✓ Increased Quality Control
- ✓ Matrix matching

Meets ISO17025 & CLIA Accreditation Standards

Delivered to your Lab, a Hands Free & Ready-to-Use High-Throughput Testing Format

Reduced Run Failures & Lower Operation Costs

Standard Practice

There is a simpler way to accomplish these tasks

DEMANDS ON LABORATORY PERSONNEL ARE REDUCED WITH TOXBOX®

- ✓ No staff work for purchasing, Quality Analysis, Quality Control
- ✓ No lab technicians needed for matrix matching standards and Quality Control

WE OFFER

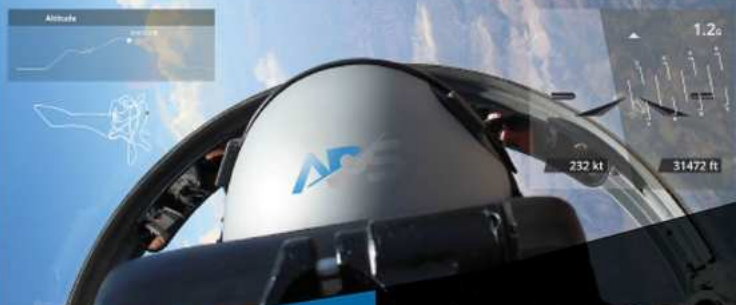

- ✓ Ready to use chemistry with certified standards, simplified CoAs, traceability documents
- ✓ Drug panels with up to 75 analytes, extremely accurate chemistry, great Quality Control, and matrix matching
- ✓ It meets ISO17025 and CLIA standards
- ✓ Is delivered to client in a ready to use high through-put format

We Help Pilots Bring EVERYONE HOME SAFELY

SOLVE YOUR #1 AIR SAFETY RISK

SAFETY CULTURE

UPRT inspires and instills next level safety that will permeate pilots' pre-flight preparation and in-flight awareness.

REAL WORLD APPLICATION

Understanding of aerodynamics, increased confidence, and improved manual handling skills pay dividends on every flight.

TRAINING VALUE

UPRT offers unprecedented training value in both knowledge and skill development, even for seasoned pilots.

The LOC-I Threat

Existing licensing and training practices have resulted in Loss Of Control In-flight (LOC-I) persisting as the number one cause of fatalities in aviation. Properly delivered expands your pilots' knowledge and skill base beyond minimum standards, providing immediate and resilient skills in a crisis.

APS' industry recognized UPRT is proven to save lives by helping pilots to prevent, or recover if necessary, from any airplane upset event. We help you achieve the safest level of flight operations.

AVIATION'S PREMIER UPRT SOLUTION

CO-CREATE SOLUTIONS TO FIT YOUR FLIGHT DEPARTMENT

APS' Turnkey UPRT programs effectively solve the threat of Loss of Control In-flight through integrated solutions that optimize the benefits of on-aircraft, simulator, academics and even virtual reality. With multiple locations and training platforms, and our UPRT expertise, we will work with you to design the best program of UPRT instruction for your specific aircraft and flight operations.

TRAIN WITH THE INDUSTRY LEADERS

- APS is the premier provider of UPRT programs for both CAE USA (US Army Fixed Wing), USAIG Performance Vector, and WYVERN Master UPRT Qualification.
- Transferability across fixed wing aviation is validated by the longstanding licensing of Delta Air Lines and United Airlines to implement APS-certified UPRT solution in all of their Boeing and Airbus fleet-types.
- APS created the industry standard for UPRT implementation, the Every Pilot In Control Solution Standard™ (EPIC-S2™), which explains the critical factors of effective UPRT implementation and has been accepted by industry leaders.

Most transformative training I've experienced in over 20 years of professional flying...

- William L.
Corporate Pilot

YOUR ELITE INSTRUCTORS

Both ICAO and the FAA have reiterated that your instructor is the biggest factor in the success of your training. Your APS instructor will have extensive real-world experience as well as the most intensive and standardized advanced UPRT training in the industry.

YOUR TRAINING PLATFORMS

APS training platforms represent the pinnacle in UPRT training, specifically chosen for maximum safety and ability to accomplish all the needed maneuvers for optimal skill development.

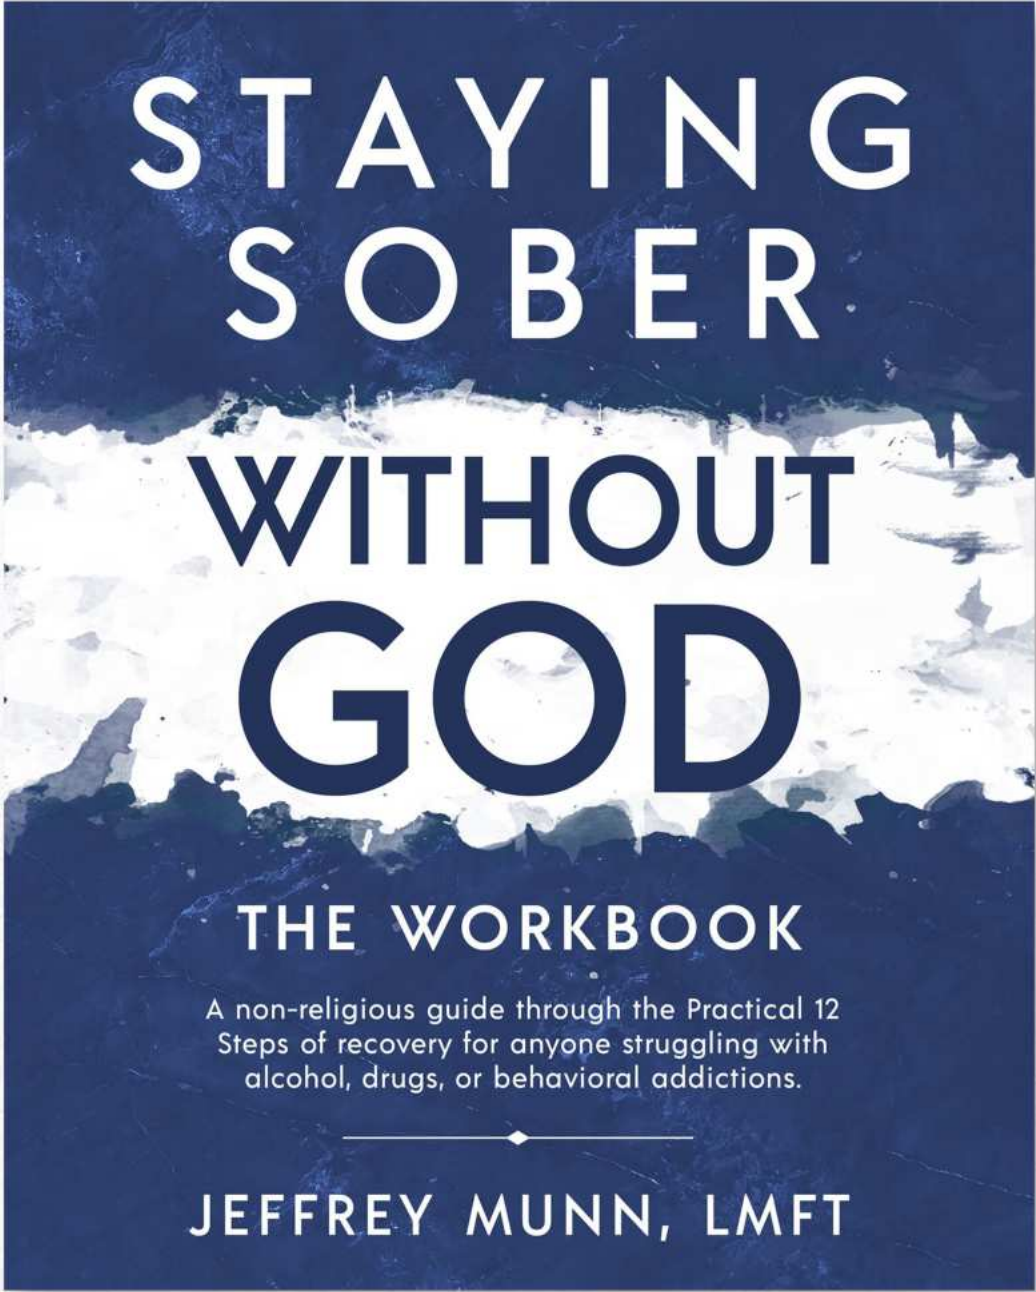

YOUR TRAINING LOCATION

APS newly built headquarters at the Phoenix-Mesa Gateway Airport in Mesa, AZ optimize every aspect of your training including an on-site simulator and virtual reality capability. UPRT is our passion, and it's all we do. Each of our locations focus on providing you with an excellent training experience.
