DRONESEC

DRONE SECURITY - HACKING & HARDENING

We currently provide THE ONLY (in the world) authoritative news, reviews and training on drone security, hacking & defense. It's target audience is males 16 - 65, and corporations or organisations looking for the best drone security products or information. We are a world first in what we do, and are certified cyber security consultants. We know our stuff and want our readers/listeners to know that too.
