

Dear Mr. John,

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.

The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 1.10.32 and 1.10.33 from "de Finibus Bonorum et Malorum" by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H. Rackham

It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a searchaccident, sometimes on purpose (injected humour and the like).

There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don't look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text.

Sincerely,

Katie Gayle

Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source.

Dear Dr. Smith:

While researching school districts in the Kansas City area, I learned some openings may occur for the next school year in your district. I have enclosed a résumé for your review and wish to be considered for a Middle School Math or Elementary position. I will graduate from the University of Missouri this May with a Bachelor of Science degree in Education and certification in both areas.

I am presently student teaching at Fairlane Elementary in Ms. Roger's sixth grade classroom. Prior to this semester, I was a site coordinator for Adventure Club, a before- and after-school child care program in Columbia Public Schools. My summers between semesters have been spent working at various camps and summer school programs. Additional experience has been gained through tutoring, field experiences, and volunteer work.

The Kansas City area is my home and I can think of no better place to begin my career. I have completed an application on both on the REAP system and through SuccessLink. If additional application materials are needed, I would very much appreciate your sending them to me at the above address.

I would like to meet with you in person for an interview and discuss possible employment opportunities. I am available at your convenience and look forward to hearing from you. Thank you for your assistance.

Sincerely,
