You will be aware of your session and help shape it so that the final solutions really suit you. In order for this to be the case, working according to the methods developed by Lars Gutzeit is so important. With his name he vouches for serious work in the 123FREI hypnosis practices. In addition, all 123FREI hypnosists are trained and certified by the renowned hypnosis training institute, the German Institute for Hypnosis. High quality and intensive training for your success.
