## Carrier Screening: Nationwide

- JScreen provides affordable, at-home, reproductive carrier screening to help keep our next generation healthy.
- JScreen's licensed genetic counselors deliver results for over 200 genetic conditions common in Ashkenazi and Sephardi Jews, and in the general population.
- Register for a screening kit at [JScreen.org](http://JScreen.org)

## BRCA Testing: Metro Atlanta

- JScreen launched The PEACH BRCA Study in the metro-Atlanta area, to be followed by a national cancer testing program.
- Ashkenazi Jews are 10 times more likely to carry a BRCA mutation, increasing their risk for cancer. Knowing your risk can be life-saving.
