

YOU'RE MAKING A MOVIE ABOUT THE GLADIATOR ERIK MAXIMUS,  
AND YOU'RE PRETTY SURE HE DIDN'T EAT HIMHANGAS.

SO WHAT DID ERIK EAT?

HIRE EAT ON CAMERA

## Company Formation

The company is formed, registered, documented and filed as an industry-standard Delaware C corporation, in their home state, with the IRS and Dun & Bradstreet.

### Legal

With the company established, all their startup legal needs are handled, from good incorporation setup, to standard forms and contracts, to automated board actions and answers to their legal questions.

### Financial

The new company is set up with a corporate bank account with debit card, as well as a company credit card and online credit card processing.

### Accounting and HR

All the company's back-office requirements are set up, integrated and maintained, including online accounting and payroll processing software, human resources and even bookkeepers to organize their finances.

### Equity Management

The company's critical capitalization table is set up and managed automatically, with online stock issuance capability and interactive strategy and exit modeling.

### Cloud Hosting

The cost of the company's web site and Internet URL is included, as are web and application hosting services in the cloud to develop, test and operate the business, along with business cards and optional virtual mail and phone hosting.

### Venture Fundraising

The company's Gust funding profile and online "deal room" enables them to apply to angel investors, networks and venture funds, handle investor relations and raise funds online.
