

iBookFreight

HOW IT WORKS

— IN 7 STEPS —

BookFreight brings, for the first time in history, true efficiencies to the way shippers of bulk freight shop, purchase and observe the movement of their goods across the US Inland Waterway System.

1

CREATE AN ACCOUNT

FREE CONFIDENTIAL
SECURE & PRIVATE

2

CREATE A REQUEST

on your next bulk freight movement and set an expiration date.

BARGE TRANSLOAD TRUCK

3

PRIVATE AND SECURE BIDS

iBookFreight electronically solicits private and secure bids from its provider network on your behalf. (no need to make phone calls, emails etc)

Only route specifications are shared with providers, not your identity.

4

ROUTE AND PRICING OPTIONS

iBookFreight collects and assembles bid responses and presents route options and pricing options to the Shipper.

Typically shippers get a wide range of options and prices

5

SELECTING THE BEST

Select the service options and prices that work the best for your needs.

No obligation to buy

6

CONTRACT

Once you select one or more services, iBookFreight executes the contracts on your behalf.

You only have to pay and communicate with iBookFreight - even if you are using multiple logistics providers.

07

UNPRECEDENTED VISIBILITY

Once your iBookFreight project has started, you get unprecedented visibility into the operational status of your bulk freight movement.

Real time mapping of the location of your freight.

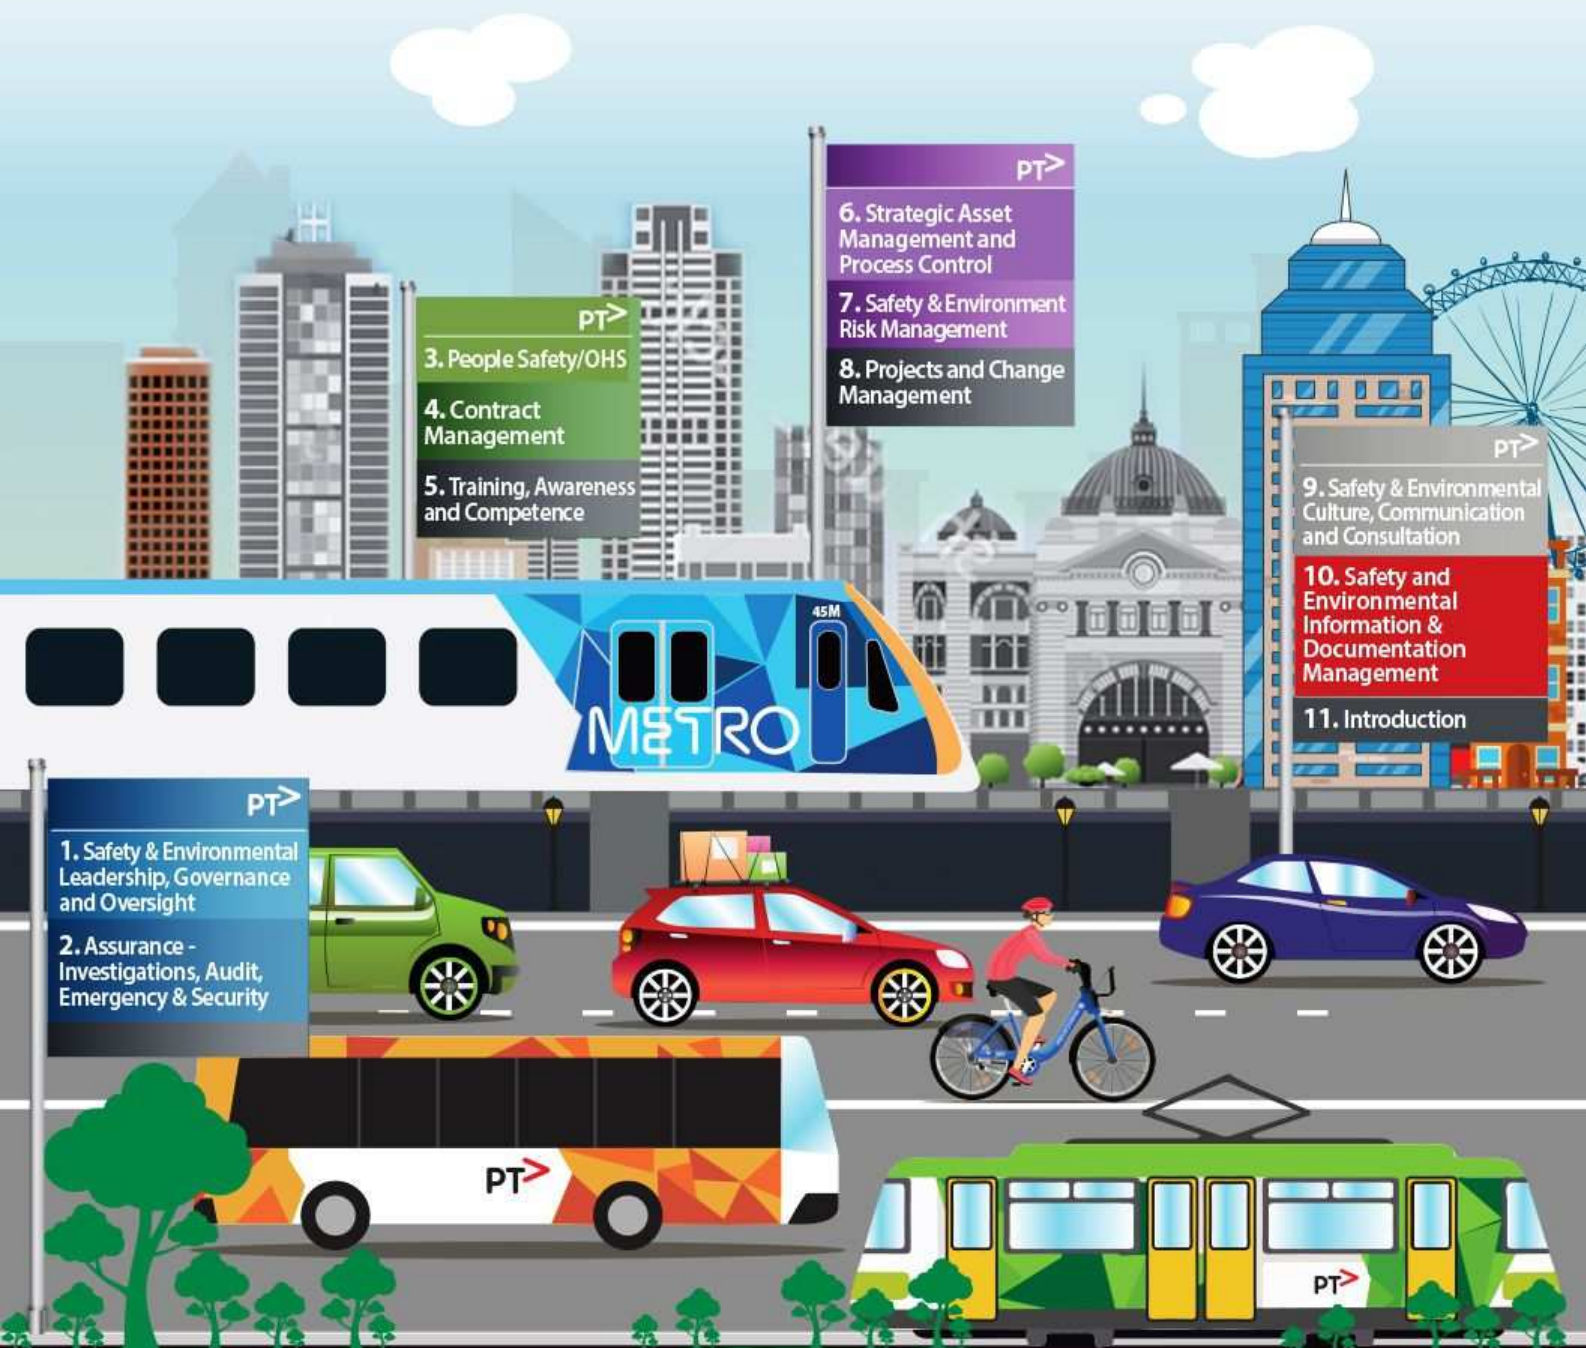

SAFETY AND ENVIRONMENT IN TRANSPORT INDUSTRY

7. Safety & Environment Risk Management
8. Projects and Change Management

PT>

9. Safety & Environmental Culture, Communication and Consultation
10. Safety and Environmental Information & Documentation Management
11. Introduction

AFRipads FACTSHEET

1| THE CHALLENGE

Millions of women & girls in Sub-Sahara Africa struggle to manage their monthly periods. Sanitary products are simply too expensive and not widely available.

EDUCATION

EMPOWERMENT

DIGNITY

2| THE SOLUTION

AFRipads are a **high-quality & sustainable** feminine hygiene solution designed to last for a full year (12 menstrual cycles) at only one third of the cost of disposable pads. Women and girls who use our pads live more empowered and healthy lives, while leaving a positive impact on the environment.

AFFORDABILITY

[The cost of a year supply]

LOGISTICS

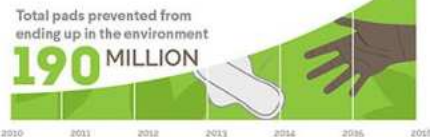

[Only 1 distribution per year]

WASTE REDUCTION

DISPOSABLE SANITARY PADS CREATE A HUGE WASTE PROBLEM especially in areas with underdeveloped waste management infrastructure where pit latrines fill up quickly (ex. rural areas or refugee settlements).

CALCULATIONS

EDUCATION

School attendance amongst girls improves remarkably after the use of AFRipads according to feedback from many partners, including research done by the IFRC.

97% OF WOMEN SAID: AFRipads are better than the pads they used before.

(One Acre Fund research under 2,000 women).

HEALTH & DIGNITY

Significant decrease in **Urinary Tract Infections** after the use of AFRipads

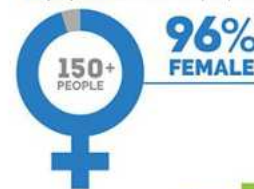

3| OUR IMPACT

Our social business model is designed to empower women through business, innovation and opportunity. From the gainful employment we create for our employees, to all the women and girls we reach every year, it is our aim to let the choices they make govern their lives, not the barriers that are keeping them back.

Since its registration in 2010, AFRipads has impacted the health, hygiene and dignity of

NUMBER OF EMPLOYEES

AFRipads has created **gainful employment** for over 150+ people.

BY BRINGING OUR SOLUTION TO SCALE WE CAN IMPACT MORE LIVES EVERY YEAR.

We produce over **60,000 MENSTRUAL KITS / MONTH**

CHANGING LIVES

We provide solutions. AFRipads is committed to helping women and girls break the barriers that menstruation creates in their lives and to helping them rise to their full potential. The women and girls around the world who use AFRipads Menstrual Kits are empowered with the protection and comfort they need during menstruation. This enables them to stay in school, go to work, and participate in daily life with the confidence and dignity they deserve.
