Stay in the Know with Access to the Resource of Choice for the Medical School and Teaching Hospital Community

Impact Factor:
5.255

Did you know that *Academic Medicine* was cited over 13,000 times in 2016?

Academic Medicine is the go-to forum for educators, researchers, clinicians, and administrators to share transformative concepts aimed at improving the health and medical care for the public.

The journal serves as an international forum for the exchange of ideas on five focus areas: education policy and practice; health and science policy; institutional issues; research policy and practice; and clinical practice in academic settings.
