UNA COSA
A LA VEZ

We would like to create an eye-catching and memorable logo with the Spanish phrase, "una cosa a la vez," which means "one thing at a time." This branding will be engraved on etched metal mugs and embroidered on patches to go on hats, as the detail cannot be too fine. For engraving on an etched metal, it will need to look good in flat and in a single color. When relatively small (0.7 inches tall, 3 inches wide) on a full patch, it should still read clearly.
